**MY FAVOURITE THING ABOUT ST BRIDE FOUNDATION IS:**

My favourite thing about St Bride Foundation is the uniquely quirky, higgledy piggedly design and history of the architecture which is still revealing itself to me. I really like the folk who work there too!

**WERE I A TYPEFACE, THE TYPEFACE I WOULD BE WOULD BE:**

The one that appeals to me most is probably News Gothic, with Mrs Eaves a close second.

**ONE OF MY FAVOURITE ITEMS FROM THE ST BRIDE LIBRARY COLLECTIONS IS:**

One of my favourite items I ever worked on was some time ago, ready for a display which was to celebrate St Valentine's Day. I had to clean a huge sample catalogue which was bursting with lovely sentimental Valentine cards of Victorian times. Designed with ribbons and bows, doily lace paper, scraps and all sorts of sweet embellishments they were so earnestly worded and not just for lovers but all affection in family and friends, it was a joy to work on and I relished every page.

**MY SIMPLE PLEASURES DURING LOCKDOWN INVOLVE:**

My simple pleasures are captured in my photograph, taken one rainy day from my kitchen window, enclosed. My own garden and my two dear cats, Sufi and Snazzy, who keep me company!

**WHEN LOCKDOWN IS LIFTED, MY PERFECT DAY WILL BE:**

My perfect day would start with a little gardening, then a trip to the Hairdressers, a train up to London to have lunch at Mon Plaisir in Monmouth Street, a visit to The Mall Galleries and to watch a play in one of our wonderful theatres! Roll on the end of Lockdown!
